

The Talon Article Program

(Chapter Newsletter)

Our Talon Article Program is designed to encourage chapter members to share their experiences as they ride and have fun

If you have had a great chapter ride, chapter event, or taken a special motorcycle excursion, share your adventure with the other chapter members. Write a brief article and submit it for inclusion in the next publication of The Talon. Our newsletter is published every other month.

- All chapter members are encouraged to contribute an article for The Talon
- Please submit all articles to the talon editor at taloneditor@tidewaterhog.com or contact Art Verdin around the middle of the month prior to the release of the next issue.
- Watch for email update reminders sent out prior to the release of each publication.

Happy riding and we look forward to hearing about your wonderful and interesting experiences.
